SUMMARY

Recent graduate with a passion for AI and machine learning. Proficient in Python and basic knowledge with TensorFlow and PyTorch. Completed projects in data analysis, natural language processing, and computer vision. Strong analytical and problem-solving skills. Eager to apply AI knowledge in real-world applications and continuously learn and grow.

EDUCATION

B. Tech-Artificial Intelligence and Data Science
Arjun college of Technology, Coimbatore
- Major in Artificial Intelligence and Data Science.
- Final CGPA: 8.0
  July 2020- May 2024

Higher secondary Education
- Government higher secondary school, Theni
- Percentage: 64.8
  Jan 2019 - March 2020

Secondary school leaving certificate
- N.A. Konduraja memorial high school, Theni
- Percentage: 73.2
  Jan 2017 - March 2018

TECHNICAL SKILLS

- Python proficiency
- SQL understanding
- HTML, CSS Proficiency
- Git & Github

SOFT SKILLS

- Problem solving.
- Able to work with in teams.
- Able to handle critical deadlines.

AREA OF INTREST

- Data Analyst
- Web developer

PROJECTS

Online Signature Verification

- Using machine learning and create interface using python, and data collection, preprocessing, feature extraction, model training and integration into a web application.

Weather Forecasting

- The specific weather parameters you want to predict, such as temperature, precipitation or humidity. Get weather information using API and create interface using python.

Image colorization using Convolutional Neural Network

- Developed a deep learning model using CNN's to colorize images,filling missing regions with realistic completions. Utilized encoder-decoder architecture, contextual attention and gated convolution to achieve state of the art results.

Ipl score prediction using machine learning

- In this project, using a machine learning algorithm we were predicted a IPL score using a past historical data and used regression algorithms for predictions and data visualizations

---

CERTIFICATION COURSE

- **Python for Machine learning | Great Learning**
- **python | Greens Technologies**
- **Python Fundamentals |Great Learning**

PERSONAL PROFILE

Father's Name: Mr. R.Ilango

Mother's Name: Mrs. I. Mareeswari

Date of Birth: 25 March 2003

Linguistic Excellence: Tamil, English

Hobbies: Reading books, Photography

Personal Traits: Hard Worker and Self Motivator

DECLARATION

I solemnly declare that the information furnished above is true to the best of my knowledge
